Citizens of the Twentieth Favor Public Improvements of Various Kinds.

### ANXIOUS FOR A SEWER SYSTEM

Think, However, That They Should Not Attempt Too Much at Once-Veterans Will Decorate the Graves on Memorial Day-Changes of the Schedule on the Street Car Line-Other Items of News.

The calling together of the citizens

of the Twentieth ward to sound them on the sewer question panned out well enough to see that the project met with favor from them. They are even will-ing to go further and undertake the betterment of their avenues and streets. But, while none of them are objecting to the resolution introduced by Select Councilman Connell at Thursday night's meeting with reference to the paving, guttering and flagging of Pittston avenue from Brook to Breck streets, they have raised the point that to begin such operations immediately would be an unwise step for this reason: Suppose Pittston avenue or any other atreet of the ward be improved within the next year. When work is started on the sewers the streets will be ripped up. The proposition then is to build the sewers first and it will be possible to struggle along for a few years yet with the present condition of the streets. This, from circulating among many citizens of the Twentisth ward, appears to be their sentiments.

Will Decorate Graves. The members of Ezra Griffin post. No. 139.
